

**PORT TAMPA BAY
NOTICE OF PUBLIC HEARING**

Notice is given that the Tampa Port Authority, d/b/a Port Tampa Bay (PTB), will hold the scheduled Public Hearing at 10:00 a.m., Friday, May 31, 2019 at its office located at 1101 Channelside Drive, Tampa, FL 33602, to hear public comments regarding the following Standard Work Permit (SWP) application request:

**SWP Application #18-051 Submitted by
Mosaic d/b/a Tampa Port Services
for Construction of a Seawall With Fill and Associated Mitigation**

The permit application is on file and available for inspection at PTB offices from 8:30 a.m. until 12:00 noon and from 1:00 p.m. to 5:00 p.m., Monday through Friday (except holidays). Additional information is available online at www.tampaport.com. Written comments may be submitted in advance to the PTB Director of Environmental Affairs (at the above referenced address), and/or oral and written comments may be presented at the hearing.

In accordance with the federal Americans with Disabilities Act and Section 286.26, Florida Statutes, persons with disabilities requiring reasonable accommodation to participate in this hearing should call (813) 905-5031 or telecopy (813) 905-5029, at least 48 hours prior to the hearing.

ANY PERSON WHO DECIDES TO APPEAL ANY DECISION OF THE PORT TAMPA BAY WITH RESPECT TO ANY MATTER CONSIDERED AT THIS PUBLIC HEARING WILL NEED A RECORD OF THE PROCEEDINGS AND, FOR SUCH A PURPOSE, MAY NEED TO HIRE A COURT REPORTER TO ENSURE THAT A VERBATIM RECORD OF THE PROCEEDINGS IS MADE, WHICH RECORD INCLUDES THE TESTIMONY AND EVIDENCE UPON WHICH THE APPEAL IS TO BE BASED.

To be published Friday, May 10, 2019
In the Tampa Bay Times

**BACKGROUND INFORMATION FOR THE MAY 31, 2019
PUBLIC HEARING CONVENING AT 10:00 A.M.**

**Port Tampa Bay Standard Work Permit Application #18-051
Mosaic d/b/a Tampa Port Services, LLC**

Proposed Construction of a Seawall With Fill and Associated Mitigation

Location: 4873 Port Sutton Road, Tampa, Florida

Mosaic Fertilizer, LLC d/b/a Tampa Port Services, LLC has submitted an application to Port Tampa Bay for proposing shoreline stabilization improvements along Mosaic's southern shoreline to protect the existing anhydrous ammonia pipeline located along the top of bank. The proposed project consists of (i) constructing approximately 548 linear feet of new seawall, (ii) backfilling of approximately 3,349 cubic yards of clean material waterward of the mean high water elevation and (iii) placement of concrete scour matting to stabilize the upland slope. The project also includes 0.36 acres of impacts below mean high water elevation that will be mitigated through purchase of mitigation bank credits.

The project proposal is currently in review with the Environmental Protection Commission (EPC) of Hillsborough County and the project has been deemed consistent with the Hillsborough *County Comprehensive Plan* by the Hillsborough County City-County Planning Commission. The Florida Department of Environmental Protection has issued a corresponding permit for the project and an application is currently under review by the U.S. Army Corps of Engineers.
